Internship Experience

Cloud computing intern | intrainz innovation.

October 2025 – january 2026

- Assisted in deploying and managing applications on cloud platforms like AWS/Azure/GCP, ensuring scalability and reliability. Assisted in full stack development with cloud integration.
- worked with Docker/Kubernetes and cloud resources.

Academic projects

- | | |
|---|---------------------|
| • RedBus Clone (Full Stack Project). | Oct 2024 – jan 2025 |
| • Attendance Management System:
(Implemented AWS cloud deployment for reliable, accessible, and secure data storage.) | Oct 2025 – jan 2026 |
| • Pokédex application | Jun 2025– jun 2025 |

Technical skills

- **Programming Languages:**HTML, CSS, JavaScript, PHP, Python,java.
- **Web Technologies :** Node.js, React.js, RESTful APIs, CRUD operations
- **Database Management:**MySQL, MongoDB

Interpersonal skills

- Team Collaboration
- Problem Solving:
- Adaptability & Learning.

Certification & Achievement.

- Winner: hackathon codex(2024).
- Pwskills full stack, AWS cloud computing, Generative AI (certification).
- Certified dancer.

Interest & hobbies.

- Building personal coding projects.
- Contributing to open-source projects.
- Participating in hackathons.
- Competitive programming .
